Consent and Acknowledgement

I, the undersigned, certify that I am the owner or authorized agent for the owner of the above-named pet. I hereby give my consent and authorization to the veterinarian and staff of **Knight Vet Clinic** to perform euthanasia for my pet.

I understand that euthanasia involves the administration of medication to end my pet's life peacefully and without pain, and that once performed, the procedure is irreversible.

I further acknowledge and agree to the following:

1. **Irreversibility:** I understand the decision to euthanize is final and cannot be undone.
2. **Medical Information:** I have provided all known relevant medical history regarding my pet.
3. **Legal Authority:** I am the legal owner or have the legal authority to consent to this procedure.

4. **Risks & Reactions:** While rare, there may be minor physical reactions (e.g., muscle twitches, urination) after the procedure, which are natural and do not indicate pain.
5. **Remains & Aftercare:** I have selected the aftercare option below and understand the related fees.

Aftercare Options Cremation Services (*Select One*)

- ☐ **Home Burial** – I will take my pet's remains home for burial.
- ☐ **Disposal by clinic**- I would like the clinic to dispose of my pets remains.

We offer three cremation options to meet the needs and preferences of our clients:

1. **Communal Cremation**

Multiple pets are cremated together, and individual ashes are not returned. The combined remains are respectfully transported to Donnelly, where they are spread throughout the tree farm.

☐ **Communal Cremation** – My pet will be cremated with other pets; ashes will not be returned.

2. **Segregated Private Cremation**

More than one pet is placed in the cremation chamber at the same time; however, each pet is separated to ensure their remains can be individually collected. Pets **DO NOT** come into contact with one another during the process.

☐ **Segregated Private Cremation**- My pet will be cremated with other pets but **DO NOT** come in contact with other pets; ashes will be returned to me.

3. **Private Cremation**

Only one pet is placed in the chamber for cremation, ensuring complete separation. All ashes returned are exclusively those of your pet.

☐ **Private Cremation** – My pet will be cremated individually; ashes returned to me.

☐ **Other:** _____

Pricing

Cremation fees are based on your pet's weight. Communal cremation is the most economical option, while private cremation is more costly due to the individual process involved.
